Louie Nobs is the Christian Unity Liaison for the National Coalition of Motorcyclists. He is also a member of an Assemblies of God church in Minnesota. After meeting with him at the regional meeting in Oklahoma City, we want to support him in bringing about unity among the Christian motorcycle groups in the USA.

**NCOM Houston**

On Mother's Day weekend, bikers from across the country gathered together in Houston, Tx to work on common causes involving the biker culture and its distinct lifestyle. These meetings have been taking place since 1986. "Three piece" patch holders let Christian club & ministry members know what they expect from them. They want respect primarily, but in one conversation I had, they also do not want every church coming up with their own patch. They prefer that Christians associate with national patches. I see this as another reason for AG churches to have their motorcycle riders join HonorBound Motorcycle Ministry

**Church in a biker bar?**

Well... why not?  
James Murphy (aka Rev. Smurf according to the bikers who attend) had a burden to reach out to the bikers who frequent the Mexia, Texas area. He had been going to Mexia for quite some time when he felt led to begin a Thursday evening service in the area. Under the

covering of "That Church" of the Assemblies of God in Corsicana, Tx. and pastor Mike Howell, James began to look for a place to have the services. The owner of the local biker bar offered to close her bar on Thursday evenings and allow James to use the bar as a meeting place. The first service had around 100 bikers show up and three accepted Christ as their Lord and Savior. In the first two months four more did the same.

Janet and I are definitely behind James and want to support James as a resource in any way he may need us. If you are ever in the area on a Thursday evening, look for the bar with the sign that list which bands are at the bar on which nights and then says "Thursday Bar Closed - Church 7 PM" Oh, yeah... and don't be offended by the neon beer sign behind James while he preaches. It is just part of the decor.

**PRAISE REPORT**

We were told last month that Janet had a high probability of having an aggressive cancer. After several doctor's visits, a doctor did ten needle biopsies and the report came back that it was just fibrocystic and not aggressive cancer.

**PRAYER REQUEST**

We have replaced our computer. The North Texas BGMC is supposed to contribute \$500 toward the purchase. Pray that the Lord will help us come up with the remainder.

**2800 miles later We're Back in Texas**

We had great opportunities for ministry, both at our destination and at the many divine appointments along the way. God is so good!!
